

Monumental Inscriptions and Burial Records – St Michael and All Angels, Barton Turf

Date Index

Monumental inscription details continue to be checked for accuracy and completeness - records which have been checked have their numbers shown in **bold**.

- in the Photo column indicates that a photograph of the monument is available. FS indicates that a footstone has been photographed.

Graves without date details have been excluded from this index.

Records have been checked against burial registers. In the **Reg.** column the burial register number or page number is shown. BR indicates that this record predates register entries and NR indicates that no register entry has been found.

Where there is no corresponding memorial, burial register entries from 1750 and some earlier entries have been added and are shown in italics.

Burial register entries before 1813 are often difficult to read and may not always be accurate. FBC indicates Funeral Before Cremation.
